

## Yes, Multiplayer Works – Even on MIDP1!

The industry has long wondered if online gaming is for real  
We'll let our Deus+ multiplayer engine do the talking...

### Currently playing!

- **Arkanoid Battle™** by Taito® - Release this winter
- **Botfighters 2™** by It's Alive® - Out Now
- **Razor™** by Rethinq – Release this winter
- **Lucky Ranch Tycoon™** by Gamica – Release this spring

### Coming soon!

- An exciting new title by Mr. Goodliving
- A revolutionary multimedia game by Agent 46
- *Das Boot* by Guido®
- *Popkids*, a location based dating game by Rethinq
