

Sports & Racing

The name of the game is speed. From rich, 3D racing games to realistic sports competitions, these thrilling games of skill include hits such as AMF Xtreme Bowling for Prizes, Dirk Nowitzki's Shootout, Speed Chaser 3D and Pub Fight.

Strategy & Adventure

Ranging from the fascinating history of Anno 1503 to the modern-day simulation of Ice-Cream Tycoon®, strategy and adventure games challenge players to imaginative worlds of increasing sophistication. Brilliant graphics add to the quest.

Action & Platform

Fast paced action games require talent and timing while varying levels of difficulty keep players intrigued. Thief, Miami Vice, Jungle Commando, and Tomb Raider: The Osiris Codex and many other unique offerings provide players with a realistic experience.

Puzzles

Including the worldwide hit Tetris® Tournament for Prizes™, skill-based puzzle games keep players challenged and multiplayer tournaments are offered regularly. Popular titles such as Boulder Dash, Pamela Anderson - Exposed and Crystal Hunters!

Casual & Card Games

Gamers can select from all-time favorites such as Solitaire for Prizes, Pub Fruity, Pub Pinball or choose Texas Hold'em for Prizes to play head-to-head and progressive tournaments.

FASTER and SMARTER mobile gaming platform

Infospace's multiplayer and tournament gaming engine is compatible with all advanced mobile technologies, including J2ME (Java 2 Micro Edition) and BREW (Binary Runtime Environment for Wireless platform), which provides a secure and open applications platform that allows players to easily pay, download and play games.

Infospace's end-to-end mobile services platform is ideal for delivering top-rated gaming services on current mobile devices. The Infospace platform also provides backend data collection so you can identify gaming patterns and track demographics for marketing and merchandising.
