Horde, iPlanet and Calendar.

**Mobi@Box**  
Groupware Everywhere

Without long installation times

Without maintenance effort

Without large investment

By using Mobi@Box I can check my own email account anytime, anywhere and from any handheld device.

We have mobilized the corporate agenda in a few minutes and with no maintenance or administration effort!

With Mobi@Box multidevice access I didn't have to renew the entire mobile device fleet of the company.
